

**CITY OF TUSTIN
MEMBER OF THE CITY COUNCIL**

TONY KAWASHIMA

AGE: 48

OCCUPATION: Mayor/Small Business Owner

As your Councilman and 2004 Mayor, I can proudly say that many of the goals I set when you elected me four years ago have been accomplished:

Our city is financially solid with a \$3 million budget surplus and no tax hikes.

Violent crime has decreased for the 3rd straight year.

Columbus Tustin fields and Centennial Park have been renovated, and our new Pioneer Park dedicated.

Our Senior Center has expanded and added a computer-learning center.

I remain committed to supporting children's educational programs.

The Tustin Legacy Marine Base is underway featuring an innovative linear park and people-friendly land use plan. Homes are being sold and a major retail center planned.

Even with these accomplishments, there is still much work ahead. We must complete our new state of the art library. On Tustin Legacy, build a swim & tennis complex, lighted sports fields and new high school.

It is no surprise that Money Magazine named Tustin the "4th Best City in the Western United States for 2004". With your help and support, I look forward to serving the people of Tustin for another 4 years and together, let's make Tustin #1.

Thank you,

Tony Kawashima
Mayor, City of Tustin
